### TOWN WARRANT

To the Inhabitants of the Town of Marlboro in the County of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Marlboro on Tuesday, the twelfth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see what sum of money the Town will raise for repairs and construction of sidewalks or act in any manner relating thereto.
4. To see if the Town will raise a sum of money for repairs, water storage, equipment, supplies and other expenses of the Fire Department.
5. To see what sum of money the Town will raise for Electric Lights.
6. To see if the Town will raise the sum of \$2,000.00 to aid the Community Nursing Association or act in any manner relating thereto.
7. To see what sum of money the Town will raise for Memorial Day.
8. To see what sum of money the Town will vote for the purchase of tar for highways or act in any manner relating thereto.

9. To see if the Town will vote to accept State Aid on Class V roads, raise and appropriate the sum of \$488.18, the State to give \$3,254.52.

10. To see if the Town will vote to purchase or replace a new truck for the highway department, raise and appropriate money for the same, or act in any manner in relation thereto.

11. To see if the town will raise and appropriate a sum of money to alter the tool shed to completely house the town grader or act in any manner in relation thereto.

12. To see if the Town will vote to raise and appropriate the sum of \$228 (1/100 of 1% of the valuation of the Town) to the Monadnock Region Association of Southern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, and by other means calling attention to the resources and natural advantages of the Town, in cooperation with the other thirty-seven towns of the Monadnock Region.

13. To see if the Town will vote to raise and appropriate the sum of \$300 to be paid to the Federated Church of Marlboro for the cost of heating and janitor services for the Youth Center when utilized by the following youth groups of our community under adult supervision: Boy Scouts, Girl Scouts, Cub Scouts, Brownies, Catholic Youth Organization, and 4-H groups.

14. To see if the Town will vote to raise the sum of \$800 to help maintain the Frost Free Library or act in any manner relating thereto.

15. To see if the town will vote to accept the zoning ordinances as recommended by the committee appointed at last years town meeting.

16. To see what sum of money the Town will vote to raise and appropriate to support the program sponsored by the Recreation Commission.

17. To see if the Town will vote to raise and appropriate, for hydrant service, the sum of \$3,125.00, this being \$125.00 per hydrant.

18. To see if the Town will raise and appropriate the sum of \$3,895, \$1,000 to be used to pay the water note at the Keene National Bank due December 15, 1957, the other \$2,895 to make up the deficit of the water works department for 1956 or act in any manner in relation thereto.

19. To see if the Town will install a new street light on Laurel Street, raise and appropriate money for the same or act in any manner in relation thereto.

20. To see if the town will vote a sum of money to provide police protection for the school children while crossing Main St. or act in any manner in relation thereto.

21. To see if the Town wishes to make any adjustment in the commission now paid the tax collector for collecting taxes or act in any manner relating thereto.

22. To see if the Town will vote to raise and appropriate \$1,155 to aid Elliot Community Hospital.

23. To see if the Town will vote to adopt the provisions of Chapter 171-A of the Revised Laws relative to the playing of games of beano or act in any manner relating thereto.

24. To see if the town will raise and appropriate a sum of money for installation of Christmas lights and decorations, or act in any manner relating thereto.

25. To see if the Town will vote to accept the sums for perpetual care of Cemetery lots received since January 1, 1956.

26. To see if the Town will authorize the Selectmen to borrow on the credit of the Town in anticipation of taxes.

27. To see if the Town will authorize the Selectmen to administer or dispose of any Real Estate acquired by the Town through Collectors' deeds.

28. To hear reports of Town Agents or Committees or other officers heretofore chosen or appointed and pass any vote relating thereto.

29. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this eighteenth day of February, in the year of our Lord nineteen hundred and fifty-seven.

|          | <hr/> \$950.00 <hr/>  |

- b. \$5,000.00 of U. S. Government Bonds matured during the year and this amount was re-invested in the Peterborough Savings Bank.
- c. No interest was paid from the Charles C. Ward Town Fund during the 1956 year. However, a payment of \$305.51 was paid to the Town of Marlboro, N. H. after our 1956 Books were closed; this covered the cost of the Town's 1956 Christmas Lighting. This payment will be accounted for in the 1957 Town Report of the Trustees.
- d. The interest earned on the U. S. Government Bonds of \$1,497.50 represents the net earnings after payment of \$90.00 for the Trustees' bonding cost.
- e. Both the Maria L. Kimball Education Fund and the John H. Kimball Children's Health Fund earned \$580.00 net each after paying a \$45.00 Trustees' bonding cost on each fund.

Respectfully submitted,

TRUSTEES OF TRUST FUNDS,  
TOWN OF MARLBORO, N. H.  
CHARLES B. KNIGHT,  
ROLAND A. WHITNEY,  
CLIFFORD E. RICHARDSON, SR. Trustees.

## MARLBORO FIRE DEPARTMENT

---

The Marlboro Fire Department answered 15 still alarms and three general alarms, namely, Valley Woolen Mill, Sharon Block and Leopold Gebauer.

The department answered two Mutual Aid calls and received Mutual Aid two times.

The new fire alarm which consists of two ten-inch Cooper air horns has been installed but has not proven satisfactory and has not been approved by your Firewards.

The members of the Marlboro Fire Company have united with the Department in purchasing three two way radios. The money has been deposited and we are waiting for approval of the Federal Communication Commission.

The Firewards wish to thank everyone who helped with all general alarm fires.

LEROY P. DERBY,

CHESTER NASON,

LLOYD O. FRECHETTE,

EDWARD BEAUREGARD,

Marlboro Firewards.

## REPORT OF RECREATION COMMISSION

---

The summer program of 1956 compared favorably with those run in the past both in variety of activity and attendance by children. Mr. Damon Russell and Mrs. John Burnham gave it able direction and leadership.

The committee assisted in sponsoring the Red Cross swimming program for a group in the middle grades. This appears to be a worthwhile project and might be expanded considerably under more favorable conditions including a suitable site nearer to Marlboro.

Our usual effort at Hallowe'en was well participated in even though the weather was unfavorable and considerable rain fell. Several organizations including six of the grades at school sponsored floats. Movies, refreshments and dancing at the Town Hall followed the parade. The committee wishes to thank the Marlboro Fire Department and all others who assisted on this occasion.

In cooperation with the Marlboro Parent Teacher Association and the Fire Department an attempt was made to get an ice surface suitable for skating at the ball field. This project was in the early stages of success when the thaw occurred and there has not been enough severely cold weather since then to warrant another attempt.

The committee hopes in the near future to get enough backing to construct a building at the athletic field including toilet facilities so that the summer program can be held there. We have plans for covering a portion of the area with a hard surface which could be used for games in the summer and might serve as the base for a skating rink in winter. At present the sandy nature of the land there makes the forming of a large sheet of smooth ice very difficult.

The members of this committee are appreciative of

the support given to us in the past by the voters and we ask for your continued support of our projects.

Respectfully submitted,

### SUMMARY OF SIX WEEK PLAYGROUND PROGRAM

---

The summer's program was varied by having some kind of special activity on each Friday. The first week there was a pet show which had a large number of entries and was well attended. Ribbons were given to the best pet in each group and the children were served punch. The second Friday was highlighted by taking forty of the playground group to Troy so as to enable us to give them a chance to swim at a supervised area. The third week found thirty of the group on top of Mount Monadnock and thirty of the younger ones at the foot of the Mountain. Another trip to Troy for swimming was the feature of the fourth week.

Nearly all of the playground group went on the outing which included a hike to Meeting House Pond and a picnic at the end of the fifth week. On the final day of the program we held a Field Day. Members of the group participated in a wide variety of races and contests at the ball field followed by a "hot-rod" race on Water Street. In the evening we held dances at the town hall with an early session for the younger group and a full evening of activity for the older ones. At this event we awarded trophies to the boy and girl who had accumulated the most points in contests and tournaments during the whole six week period.

I feel that a program such as we offer is not one that can be evaluated by the person in charge because it is difficult to see certain things in a critical light. It seemed

that it might be logical to have the parents comment on it and so a questionnaire was sent home. I am including a summary of some of the points on the questionnaire.

95% of the parents who replied thought the hours were good. Parents said their children were at the playground about 23 out of the 30 days.

Among the reasons why children did not attend more were the following:

- 1 parent reported child not interested.
- 4 parents reported they went on a vacation.
- 6 parents reported that their children went swimming on hot days.
- 4 parents reported that their children had to work.
- 1 parent reported more fun at home than at the playground.

Included on the evaluation sheet was a question asking the parents if a swimming area in Marlboro would be of great value, little value or no value at all. Of the parents replying all felt that a swimming development would be of great value. I believe that these parents and many more not reached by the questionnaire would like to see some action started on such a project. It seems to be a rather popular project in some of our neighboring towns.

I enjoyed working with the children on the playground this last summer and wish to thank all the parents who helped in several ways to make the program a success. I also wish to commend Mrs. John Burnham for the fine job she did working with the younger group.

Respectfully submitted,

DAMON A. RUSSELL,

Playground Director 1956

## REPORT OF POLICE DEPARTMENT

For The Year of 1956

---

During the past year the Police made 5 arrests. We investigated 21 accidents of various nature. In the past year there were not so many motor vehicle violations, there were 6 suspended licenses. The Police stopped and checked 389 cars during the year, finding some cars had to be taken off the highway for a limited time.

There were 4 cases of dogs biting children, these dogs were disposed of by the police. This year of 1957, if anyone leaves any dead dogs or cats at the town dump, they will be fined by the Police to the extent of the law.

There have been some children in town who have been breaking windows and destroying other property in the town. They will be made to pay for these things in the future.

I wish to take this time to thank everyone for their kindness during my recent illness.

Respectfully submitted,

ERNEST F. THOIN,

Chief of Police.

## ANNUAL REPORT OF THE FROST FREE LIBRARY

---

To the president and trustees of the Frost Free Library. The librarian submits the following report for the year, October 1st, 1955 to October 1st., 1956.

The library was open 153 days.

The total circulation of books was 7795. Of this number 3341 were juvenile fiction, 305 juvenile non-fiction, 1603 were adult fiction, 395 were adult non-fiction. Circulation of magazines and pamphlets was 2151. Besides this circulation many reference books, and pamphlets have been borrowed from our State Library. Our reference books and newly lighted reading table have been in constant use.

The bookmobile (part of the State Library Extension Service) visits the library once in eight weeks furnishing us with many books for our use.

Two reference books were purchased: Hammond World Atlas and the New Century Cyclopedia of Names. 48 new books were purchased during the year. Many books have been given by generous patrons of the library.

Mrs. Robert Bennett has proved a most helpful and capable assistant.

I am happy to announce that we have organized for your use a much needed verticle file, which provides information on topics of timely interest.

The library has observed the holidays and events of the year with special displays of books, posters and etc. The art classes have kept our library gayly decorated with their work. Several classes have visited the library. I have instructed them as to how to use the library and brought to their attention the reference books which we have for their use. We appreciate the interest shown by the teachers and pupils. We are pleased to have the opportunity to work with them.

In closing I would like to quote a statement of our well known author, Elizabeth Yates, which to my mind holds so much meaning for the necessity of good library service. She says, "Books are a bridge between youthful dreams and useful work in the world."

Respectfully submitted  
CORINNE NASH,

Librarian.

## REPORT OF HEALTH OFFICER

---

We have had more than the average number of cases of whooping cough in the past year, but other communicable diseases have not presented any great problem.

I would like to emphasize once again the place of Preventive Medicine as it applies to two aspects of Health in our community.

1st is accident prevention—accidents continue to take more lives among infants and young children than do polio, whooping cough, scarlet fever, diphtheria and dysentery combined, and are largely preventable.

2nd is polio prevention—the vaccine for which is now available but not being adequately utilized.

There isn't one of us who cannot do more than we are doing to prevent accidents and disease in our own environment.

PERCY C. McINTIRE, M.D.,  
Health Officer.

**MARLBORO COMMUNITY NURSING SERVICE**  
**REPORT OF TOWN AND SCHOOL NURSE**  
**January 1, 1956—January 1, 1957**

This past year a total of 459 calls were made. Of these:

342 were at \$1.00

60 were at .50

111 were free calls

Collections were: \$407.00 collected, leaving a total of \$24.00 uncollected.

Clothing was given to two families who had need of them. May I remind folks that there seems to be always a need for good winter clothes, shoes, and rubbers and over-shoes. I'd like to thank those who have contributed such articles and especially those who have given several pair of youngsters shoes. They always find a ready "home."

Two state sponsored polio clinics were held this year at the school. One in June, with some 106 persons receiving the vaccine and one in December with 204 attending. We appreciate time given by Dr. P. C. McIntire and also wish to thank the assisting nurses, Mrs. Jean Williams, R. N., Mrs. Regis Hackler, R. N. and Mrs. Rose Ferranti, R. P. N.

A pre-school clinic in June was attended by 28 and again Dr McIntire officiated and Mrs. Hackler and Mrs. Williams also gave us their time and help.

My school report will cover work done to date this current school year.

Nurse inspections:

Height and weight	340
Eye exams	340

Defects noted:

Undernourished	1
Total defective	67

(Including some with glasses.)

Odd numbered grades receive examination each year.

Dr. physicals—193

Defects found:

Cavities	38
2 severe	
Heart murmur	6
Enlarged tonsils	7
Impacted wax in ear	2
Enlarged thyroid	1
Enlarged neck glands	3
Mouth breather	1
Retracted ear drum	2
Scarred ear drum	1
Asthma	1

To date there have been several cases of whooping cough and 2 of chicken pox reported to me.

Hearing tests are now in progress and I hope to have them completed before spring recess.

Respectfully submitted,

MARGARET A. FORD, R.N.

## REPORT ON MARLBORO CHRISTMAS DECORATIONS

Balance on hand in bank	\$1 00
Received from selectmen	285 85
Expenses for decorating town	\$285 85
Balance on hand in bank Feb. 11	1 00

Our sincere appreciation cannot be more fittingly expressed than by the letters received from people in and out of state traveling through our town during the Christmas Holidays. The Greetings extended to them and their comments give us the inspirations.

We wish to thank everyone that has made this project possible and hope for its continuation.

ALDEN J. BEAUREGARD,  
Secretary.

### SCHOOL WARRANT

To the inhabitants of the school district in the town of Marlboro qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 7th day of March, 1957, at 8 p.m. o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and or The United States of America.

10. To take up any other business which may legally come before this meeting.

Given under our hands at said Marlboro this 8th day of February, 1957.

ALDEN BEAUREGARD, Chairman,  
THOMAS LORD,  
ALICE HILDRETH,

School Board.

## REPORT OF THE SCHOOL SUPERINTENDENT

---

During the past year there has been much action and work in the Marlboro school system. Immediately after the March meeting of 1956 voted to continue the school study committee and appropriated funds for its work, meetings were held culminating in a public hearing and finally a special school district meeting to seek approval for a building program and a school bond issue. This controversial problem was thoroughly and wisely discussed, with final approval for the proposals being voted.

At the present time, every effort is being made to have the building program move forward to a happy conclusion by September 1956. There still remain some real problems however, largely in the area of favorable interest rates on the bond issue and a favorable building bid.

The coming year will bring its share of new problems as we move into the new school and an enriched educational program. Old problems have a way of coming back and one of these relates to the teacher shortage. This grows worse with each year and can probably only be finally solved when young people entering the teaching profession will be paid salaries equal to those received in other professional occupations. The school board is actively engaged in the consideration of a realistic salary schedule and employment policies which will place the Marlboro District in a good competitive position, so that we can obtain and retain good teachers; for by and large, a school is only as good as its teaching and administrative staff.

The utmost praise should be given to the members of the study committee for their loyal attendance at meetings and their hard work in seeking a school solution acceptable to the citizens of Marlboro. The selectmen too, have been most helpful in assisting the school board and study committee. I feel that there are few problems the

district cannot successfully meet as long as the spirit of fair-play and cooperation continues as our guidepost.

DR. CHARLES L. BOWLBY,  
Superintendent of Schools.

## REPORT OF PRINCIPAL OF MARLBORO SCHOOLS

---

Dr. Charles L. Bowlby, Superintendent of Schools  
Marlboro, New Hampshire

I am submitting my annual report as Principal of the Marlboro Schools to you for publication. In this report I shall attempt to summarize some of the information concerning our past activities and point out a few of the things we hope to accomplish in the near future. I wish to emphasize that the period of time covered by the report does not exactly coincide with the dates of the financial year as outlined on the cover of this book. I am reporting on activity of the current school year and of the part of last year which followed publication of my last report. This is the same policy I have followed in recent years but I wish to point it out to avoid any confusion of the time element.

### ENROLLMENT FIGURES

I am including the usual table showing registration by grades and am breaking this down further by sex as I wish to show that some grades have an excess of either boys or girls. This is an important factor in the grades where the group is divided for such courses as Shop and Home Economics because an uneven division creates administrative problems due to over loading of limited facilities. Present building plans should eliminate this condition satisfactorily. As pointed out in a previous report, figures indicate a considerably larger total school population very soon.

Only insignificant changes have occurred in any of the above figures during the year. Census figures show practically twice as many children scheduled to enter school during the next four years as there are pupils enrolled in our four upper grades.

### STAFF AND CURRICULUM

There are only two changes this year in our full time teaching personnel and both of these are in the lower grades. Mrs. Margaret Ramsey and Mrs. Patricia Conway are now teaching grades three and four respectively replacing Miss Louise Ludgate and Mrs. Pauline Bakos, resigned. Both of these teachers are 1956 graduates of Keene Teachers College. All of our part time teachers returned with the exception of Miss Ruth Lamb, art supervisor. Miss Ann Charleston has replaced her. Mrs. Hester Underhill has been doing part time teaching in grade six in the field of nature study.

Mr. Damon Russell, teacher of grade six, was ap-

pointed by the school board to act as assistant principal in charge of the elementary grades. This has proved to be a good plan and makes it possible for him to direct the activities of those grades. The plan will be even more valuable when the plant is expanded.

The list of subjects offered in the upper grades has not changed but will be expanded next year after construction of the new building. We shall increase the amount of shop work for boys and also offer another course in upper grade science. With the facilities of a gymnasium available we anticipate the addition of a physical education instructor with a program for all pupils in the upper six grades. Also with these facilities the present informal program in the middle grades can be expanded. If time permits, the offerings in music will be revised.

### CONDITION OF BUILDINGS

With the existing probability of a new building very little work has been done this year on our present structures aside from necessary repairs and maintenance. Certain minor alterations will be carried out when new housing is available as we adapt the facilities to get maximum use from them. Our custodian, James Farwell, is capable and faithful in the performance of his duties.

### ATTENDANCE AND SCHOLARSHIP

Present trends and conditions in education create certain problems. For example, the recently enacted law requiring attendance until age sixteen causes some attendance problems among pupils whose interest is low and who otherwise might have left school. We urge parents to co-operate in helping to keep the attendance regular and not to allow pupils to remain out of school except for valid reasons. Problems are relatively few here but they do exist.

A second problem results from the increased number of students wishing to attend advanced schools of training. This makes it possible for the institutions of higher learning to be more selective in the students they accept. It further stresses the need for us to give our pupils the best possible training here. In order to do this our program has

been studied and our standards carefully considered. We have studied the programs of institutions to which our graduates normally apply for admission, and the content and requirements of our courses are based somewhat on our findings. Our requirements are not unreasonable but they are realistic. Some of the criticism which we get from the community is the result of failure of certain pupils to get marks as high as parents expect. In these instances, however, it can invariably be shown that the pupil is not making the necessary effort.

It can be said with truth that no pupil enrolled in a normal program of four or five units in our school can expect to do satisfactory work and derive maximum benefit unless he does considerable study and preparation outside of school hours. Parents who allow pupils to get away without doing outside work are not completely fulfilling their obligations. We must remember that there is much knowledge to be had today and requirements are high. It is unfortunate when a person about to graduate finds no doors of higher learning open because of an unnecessarily mediocre high school performance. The school needs more cooperation from the home in this respect. Let us get together on this while there is still time.

With the increased stress on training in many fields, technical and otherwise, there come more and more opportunities for pupils to obtain scholarship aid toward reduction of college expenses. In some cases complete expenses are available to the well-prepared and qualified person. Here again at the risk of offending parents I state that they should insist upon a high standard of performance and should not be satisfied to see education terminate upon completion of grade twelve. The outlay in terms of money may create problems at the time but the superior employment opportunities available to the well-trained person make advanced education a good investment.

Our school is maintaining its good standing in the New England Association of Colleges and Secondary Schools which is the official accrediting agency in this section of the country. In order to keep this good standing graduates must do well after they leave us.

### PEASE-DAVIS FUNDS

During the past several years the annual net income for assistance to pupils seeking advanced training has been slightly more than \$900. Applications are accepted from all graduates attending other schools and the money is allocated by the school board. Usually several students benefit each year.

### EXTRA-CURRICULAR ACTIVITY

These are times when people who work expect to do fewer "extras" in connection with their jobs. In many fields performance of any task outside a specified contracted list is unheard of. That is not generally true among the members of our staff who give unselfishly of their time to sponsor activities for our students.

Early each year members of the staff and the Student Council representatives meet and draw up a calendar of activities for the year. This gives all groups a chance to sponsor activities and to have them planned well in advance of their occurrence. We attempt to keep this calendar balanced with social, cultural, and athletic activities. This program will be expanded with the completion of new facilities.

Our basketball teams are enjoying competition with all of the neighboring schools in our class. Their records are not impressive but team spirit is excellent and student morale is high. The boys are being coached by John Burnham and the girls by Mrs. Patricia Conway.

### STATEMENT OF OPERATION OF SCHOOL LUNCH

Program From July 1, 1955 to June 30, 1956

Total income from sale of lunches (pupils and adults)	\$6,298 43
Federal government reimbursement	1,232 49
	<hr/>
Total income	\$7,530 92
Expended for food (including milk)	\$5,180 76
Expended for labor (adult and pupil)	2,020 04
Other expenses (transportation, storage, gas, etc.)	226 76
	<hr/>
Total expenditures	\$7,427 56

Surplus on year's operation \$103 36

Of this surplus, \$100 was spent toward the purchase of a Deep Freezer.

The lunch program serves approximately 3,000 meals per month of which upwards of 5% are served free or at a reduced price where such need is evident.

#### SCHOOL LUNCH PROGRAM

Our lunch program continues to be a popular and important part of the day's program. The value of a well-balanced meal in the middle of the day is great. Participation by students shows a gain over previous years. Mrs. Doris Porter continues as manager of the program and she is ably assisted by Mrs. Madolyn Richardson. These ladies make every effort to do a fine job and never miss an opportunity to do something special for our young people.

#### ACTIVITIES OF FIRST WEEK IN JUNE

As usual this week was a busy one starting with a Baccalaureate Service on Sunday, June 10, and concluding with awarding of diplomas on Friday the fifteenth. Other events of the week included several picnics, the senior banquet, class night exercises and the junior high promotion exercises which were held on the Gordon lawn for the second time.

The names of high school and elementary school graduates follows:

## CONCLUSION

My association with you, the members of the school board, my staff and the parents and pupils continues to be very pleasant and gratifying. Time marches on and years of happiness accumulate. We have had many fine years together but if I were asked to select the best year of all here I should have to say hopefully, "the next one". All of us are anxiously awaiting the opportunity to meet the challenge of bringing a better educational program to Marlboro with the aid of improved facilities. I was thrilled when the citizens voiced their approval of our accomplishments and placed their trust in us by voting funds requested for a building program. In return we dedicate our-

selves to the development of as fine a school as can be organized in our community.

Respectfully submitted,

IRVIN H. GORDON,

Principal.

## MINUTES OF THE ANNUAL SCHOOL DISTRICT MEETING OF MARLBORO

Held on March 6, 1956

---

Meeting called to order at 7:30 p.m., March 6, 1956 by Moderator Ralph A. Pierce and warrant read.

Article 1. Voted favorably on motion of Alphonse Despres that the clerk cast one ballot for Ralph A. Pierce for moderator for the ensuing year. He was elected and qualified.

Article 2. Voted favorably on motion of Oscar F. Croteau that Alden J. Beauregard cast one ballot for Oliver F. Derby for clerk for the ensuing year. He was elected and qualified.

Article 3. Motion was made by Alice Hildreth that the clerk cast one ballot for Thomas Lord for member of the school board for the ensuing three years, which was supported. An objection was made by Alphonse Despres to this form of ballot. Written ballots were cast with the following results:

Total number of votes cast	61
Thomas Lord received	51
Carl Johnson received	1
Percy C. McIntyre received	1
Frank Knight received	1
Gerhard Blombach received	2
Alphonse Despres received	3
Void	2

Thomas Lord was declared elected and qualified.

Article 4. Voted favorably on motion of Charles B. Knight that Alden J. Beauregard cast one ballot for Oliver F. Derby for treasurer for the ensuing year. He was elected and qualified.

Article 5. Voted favorably on motion of Thomas Lord that we pass over this article and take up its provisions under article 8.

Article 6. Voted favorably on motion of Charles B. Knight that we accept the reports of Agents, Auditors, Committees, and Officers chosen, as printed in the annual town report.

Article 7. Voted favorably on motion of Alden J. Beauregard that the clerk cast one ballot for Clifford E. Richardson Sr. for auditor for the ensuing year. He was elected and qualified.

Article 8. Voted favorably on the motion of Thomas Lord that the school district raise and appropriate the sum of (\$74,945.00) seventy four thousand, nine hundred forty-five dollars and to authorize and direct the school board to apply against said appropriation such income as is estimated by the school board exclusive of state aid to be received by the school district during the next fiscal year, to authorize the school board to apply against such appropriation the sum to be received from state aid and with the school district clerk certify to the selectmen the balance as an assessment to be raised by the town for school purposes.

Article 9. Voted favorably on motion of Alden J. Beauregard that the district authorize the transportation of high school pupils to Marlboro High School and that we raise and appropriate the sum of six hundred dollars (\$600.00) for this purpose.

Article 10. Motion was made by Alice Hildreth and supported that the district reappoint the present school study committee and that we raise and appropriate the

sum of three hundred dollars (\$300.00) for necessary expenses. An amendment was proposed to the original motion by Harriet Whitney and was supported that the school study committee cooperate with the other towns in the area and with Keene in a cooperative school study. The amendment was favorably voted. The original motion, as amended, was then favorably voted.

Article 11. Voted favorably on motion of Alden J. Beauregard that the district raise and appropriate the sum of five thousand dollars (\$5000.00) to be deposited in the Capital Reserve Fund.

Article 12. Without any vote the meeting returned to Article 6 and sub-committee reports were read by the following members of the special school study committee: Elizabeth Richards, Alfred Thomas, Charles T. Richardson, and Wallace Oliver.

(Copies of these reports as printed in the annual town report are attached to the original minutes in the school clerks record book herewith).

At the request of Wallace B. Oliver, Dr. Charles L. Bowlby, Superintendent of Schools, spoke on the school situation in Troy which closely parallels that in Marlboro.

A legal notice from the office of Harry C. Lichman, Att'y at Law, addressed to the Marlboro School District relative to an accident suffered by Gerald Britton while on school premises was read by the clerk.

(Letter referred to above attached herewith to original minutes)

Voted favorably on motion of James Farwell that the meeting adjourn. Adjourned at 8:57 p.m.

Attest: OLIVER F. DERBY,  
School Clerk.

This is a true copy of the annual Marlboro School District meeting held March 6, 1956.

Attest: OLIVER F. DERBY,  
School Clerk.

# YOUR TOWN DUMP

## *Use it freely*

## *Care for it*

Your town dump has been set up for your personal convenience. It provides a suitable place where you can dispose of the large amounts of dangerous, inflammable waste material and other useless items which accumulate around your household and local stores, brush, etc., cut on your property. The town dump has become a valuable and indispensable asset in modern community life.

The most successful town dumps are supervised-regular days for their use and inflammable material consistently burned. The town dump which receives no attention, where waste material is scattered about without supervision of any description, soon becomes a community menace and a liability rather than an asset.

Many people still burn debris around their homes. A large number of such fires get out of control causing unnecessary damage and expense to the burner. Why burn at home? Make use of your dump and eliminate the hazard of burning. It will be easier for you—personally and financially.

If, however, you do burn on your premises

1. Secure a permit from your local forest fire warden—the law requires it. The warden won't refuse you if conditions are safe.
  2. Be sure to properly supervise your burning. Don't leave it.
  3. Make certain your fire is DEAD OUT before leaving it.
- Save yourself much possible difficulty.

## *Use your dump freely*

## *Help keep it safe*

Number of local fires 6  
Number of acres burned 1½  
Number of permits issued 150

CORNILIUS WOOD, District Fire Chief.
